Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Orange County GreenPLACE Environmentally Sensitive Lands Acquisition project in fiscal year 2024. The entity to receive funding for this project is Orange County, located at 201 South Rosalind Avenue, Orlando, Florida 32801.

The funding would be used to acquire five parcels of environmentally sensitive real property. The project is an appropriate use of taxpayer funds because it will acquire real property which is appropriate for conservation activities. The conservation of these natural lands protects our surface and groundwater resources as well as threatened species, such as the gopher tortoise. This project will increase natural spaces available and accessible to the public and encourage eco-tourism, specifically along the Florida National Scenic Trail.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C 5305(a)(1).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Darren Soto".
